Dear Baha,

I wish to acknowledge the great contribution made by you and Margaret with respect to our "overload" crisis.

Your preparation, presentation and direct assistance with my directors and me have already proven to be of great value and I personally feel a tremendous weight has been lifted in being able to better manage the increasing volume of messages, paperwork and demands upon my time. The impact was immediate. I have also received positive feedback from the team that it has been of tremendous value.

I would certainly recommend your consultation services and will do so among my colleagues.

Yours sincerely,

Wendy Gilmour
